

Download Pocket Pistol Buyers Guide 2013

Price: \$2,495.00 Description: Serial #1599, .25 ACP, 2" barrel with an excellent, bright bore. This is a matching numbered Walther pistol that has retained 95-97% of the original blue finish with silvering along the edges. Today we have a guest post by Peter Rasmussen on some of the history of the Husqvarna M40 pistol, also commonly called the Lahti. We will cover the mechanical aspects of the pistol in a later post, but this information from Peter is an excellent overview of the different markings found on different batches of the pistols. SCCY CPX-2 Gun Review. The largest growth segment in the already firearms market is in concealed carry handguns and sub-compacts. A carry pistol is frequently the number one purchase for new gun owners: a handgun that can be used for home defense as well as concealed carry. And while buying a good gun is foremost in their minds, plenty of buyers with price constraints are happy to go with a ...Ruger® LCP® Semi-automatic .380 ACP Pistol. The Ruger® LCP is compact, powerful and perfect for concealed carry. Although the LCP is chambered in the beefy .380 ACP, it's one of the lightest recoiling pistols on the market today.
